MID EASTERN ZONE ZONAL SYMPOSIUM on

“Plant Health for Sustainable Agriculture”

(January 6-7, 2023)

Organized by
**Sardar Vallabhbhai Patel University of
Agriculture and Technology, Meerut**

Last date for abstract submission and early
bird registration: **December 20, 2022**

INVITATION

We are happy to inform you that IPS (Mid Eastern Zone) is organizing Zonal Symposium on “**Plant Health for Sustainable Agriculture**” on January 6-7, 2022 at Sardar Vallabhbhai Patel University of Agriculture & Technology, Meerut, Uttar Pradesh. On behalf of the organizing committee, we request your gracious presence at the symposium.

ABOUT THE SYMPOSIUM

Plant health is an overarching term for emerging risks including diseases, pests and approaches for crop health management ensuring the production sustainability on an economic, ecological, and social level. Advances in multiomics, artificial intelligence, nanotechnology etc. have influenced plant pathologists to come up with newer techniques in diagnostics and disease management in agricultural production system including organic and much talked natural farming. However, climate change and intensification in agricultural and forest management practices are likely to change the existing spatio-temporal distribution of diseases posing threat to production system. The symposium will provide a vibrant platform for the researchers to discourse on all the technologies holistically for future crop healthcare.
