## ZONAL SYMPOSIUM

ON

# “Current Trends in Plant Disease Management for Sustainable Crop Production and Livelihood Security”

January 6-7, 2022

Organized by

School of Crop Protection  
College of Post Graduate Studies in  
Agricultural Sciences, Central Agricultural  
University (Imphal), Umiam, Meghalaya

CPGSAS, CAU (I), Umiam, Meghalaya

## Invitation

We are happy to inform you that IPS (North East Zone) is organizing Zonal Symposium on *Current Trends in Plant Disease Management for Sustainable Crop Production and Livelihood Security* on January 6-7, 2022 at School of Crop Protection, CPGSAS, CAU (I), Umiam, Meghalaya.

On behalf of organizing committee, we request your gracious presence in the symposium.

Umiam lake, Meghalaya

## About the symposium

Plant disease management has always been a great concern for plant pathologists. Options to manage plant diseases caused by various biotic and abiotic factors have been multifarious. Physical, cultural, biological, and chemical methods are conveniently categorized management methods. All round developments of science and technology has influenced plant pathologists to come up with newer techniques in reducing crop loss due to plant pathogens. Our experiences gained and gathered on both traditional and latest technologies of plant disease management are vast. The symposium will provide a vibrant platform to discourse all the technologies holistically.

## Thematic areas

- Etiological and epidemiological studies
- Microbial biostimulants, biological controls for sustainable plant disease management
- Chemical management of plant diseases
- ITK, ICT, IPR and SMART technology
- Extension plant pathology
- Industrial Plant Pathology
- Molecular and nanotechnological approaches in plant disease management

## Abstract submission

Abstract (in 250 words) should be prepared in MS Word, Times New Roman, 12 font size and to be submitted in electronic form along with registration form to [ipsnez2021@gmail.com](mailto:ipsnez2021@gmail.com) latest by December 15, 2021.

## APS Travel Award for PhD students

APS-IPS Travel Sponsorship for Ph.D. students (IPS member) has been instituted by the American Phytopathological Society (APS), USA. The purpose of this award is to encourage Ph.D. students of plant pathology of India and to attend the APS Annual Meeting. Students will have to compete at the zonal and national competitions in India. Two names from each zone will be recommended for national-level contest. Names of the national level candidates will be forwarded for final selection by the APS, USA.

Contestants will have to provide an abstract in about 250 words along with the brief biodata to the Zonal President/Zonal Councilor ([ipsnez2021@gmail.com](mailto:ipsnez2021@gmail.com)) latest by December 15, 2021.

The term and conditions for participating in APS meeting is as follows:

- The fund will be reimbursed to the awardee for to & fro airfare from India to the meeting venue, accommodation and incidentals directly by APS
- The awardee is expected to bear the cost of meeting registration
- All the contestants/recipients should be the member of the society during the year of presentation.
- The contestant will have to give a brief biodata, the certificate furnishing age, proof of pursuing PhD (First to second year only) and one page short paragraph, stating how participation in the APS meeting will lead towards achievement of their professional goals.
